The Band of HMCS Tecumseh

The brass-reed band of Calgary's Naval Reserve Division, HMCS TECUMSEH was formed in 1953, with fifteen bandsmen. Over the years the band has played many concerts and parades in the Calgary area. In 1955 the TECUMSEH band went to Regina to play for the commissioning ceremonies when HMCS QUEEN was opened, and in 1956 the band was sent to HMCS NADEN, Victoria, B.C. to relieve the permanent force band for the summer months.

The present bandmaster, Commissioned Officer L. R. Cool, CD, RCNR, was appointed in 1960.

There are currently four members of the original band still playing in the unit.

The King's Own Calgary Regiment Band

This band has been very active in music circles ever since its reorganization in 1947. The military unit has been in Calgary for over 50 years.

The present armoured regiment originated from the 103rd Regiment (Calgary Rifles) formed in 1910 and perpetuates, among others, the 50th Battalion, C.E.F. of World War I.

The regiment's name "King's Own" was given as an Honour by King George VI in 1946, for its fine record during the 1939-1945 conflict.

Director of Music for the King's Own Calgary Regiment Band is Captain D. L. Palmer, C.D.

The Pipes and Drums of the Calgary Highlanders

The pipes and drums of the Calgary Highlanders are under the direction of Drum Major N. C. Beaton. This is one of Calgary's oldest regiments having been formed on January 3, 1921 from the former 10th Battalion. The Regiment is commanded by Colonel A. H. Brackenridge, CD.

THE CEREMONY OF THE FLAGS

To the time-honoured traditions of the Royal Canadian Navy has been added a new and stirring ceremony which is purely Canadian in design. The Ceremony of the Flags is distinctive and is designed to honour our flag.

The ceremony opens with the marching display and music of the band followed by a Feu de Joie by the guard and then the trooping of the provincial and territorial flags of Canada.

During the trooping of the flags the naval guns crew fire a salute, using a 12 pounder, eight hundredweight, quick firing field guns from 1894.

The ceremony ends with the playing of the orchestrated "Sunset" while the flag is lowered, followed by "O Canada" and "God Save The Queen"
